

*International Conference and Advanced Workshop on Modelling  
and Simulation of Complex Systems ICAWMSCS 2024*

Dear Complex System Network,

Warm greetings from the secretariat of ICAWMSCS 2024.

At the instance of the Central Organizing Committee (COC) of the ICAWMSCS, I write to appreciate and congratulate you on the conference presentation award earned during the International Conference 2024.

At a recent meeting of the Organizing Committee, we discussed the feedbacks and remarks on the closing ceremony of the Advanced Workshop and have decided on the following:

1. COC agreed that there should be zoom monthly Seminar with effect from September 2024. The online presentations as well as question and answer time will greatly increase postgraduate students' ability to learn without being spoon-fed. It will play an important role as students learn the essential skills of research and scholarship;
2. It will be titled "ICAWMSCS Seminar Series";
3. Seminar will be on First Monday of the month and only for nine months in a year;
4. The time will be 12 noon – 1.00 pm (WAT);
5. The seminar will be participatory and there will be incentives for presenters and active discussants/ contributors;
6. Prize winners at the ICAWMSCS 2024 would be the first set of key players for presentation for 15 minutes

Flyers of the coming event for September 2024 will be circulated promptly.

Thank you and I look forward to meeting you online.

Kind Regards

Samuel Segun Okoya  
Professor of Mathematics, OAU, Ile-Ife, Nigeria  
On behalf of the Central Organizing Committee

---

*Central Organizing Committee:*

Prof. Clement Onime (ICTP, Italy), Dr. Ikenna Ireka (Germany) and Prof. S. S. Okoya (Nigeria)
